n = 2: oracle directions
Aligned / raw injection MSE
Singular value s_j
$1/s_j^2$
n = 2: observable diagnostic
$\max_l C^{(l)}$ (RMS contrast curl)
Injected amplitude
gradient
field
n = 2: error that remains
Oracle-aligned readout MSE
Injected amplitude
n = 3: oracle directions
Aligned / raw injection MSE
Singular value s_j
$1/s_j^2$
n = 3: observable diagnostic
$\max_l C^{(l)}$ (RMS contrast curl)
Injected amplitude
gradient
field
n = 3: error that remains
Oracle-aligned readout MSE
Injected amplitude
